Indoor Garden Reusable Lockable Plastic Rodent Control Trap Mouse Bait Station

Item No: ATPL7352

Name: Mouse trap

Material: Plastic

Size: 13.5*9.7*3.2cm

Color: Black

Target pests: Mouse

Package: 1Pack

Special features:

1. Mouse trap station is a safe, chemical-free, poison-free alternative to control small mice. You can use them with confidence
2. Easy to use. Simply place the mouse trap station where there are signs of mice activity. The best place is the corner or against the wall. It allows you to catch and dispose of mice
3. Mouse bait station equipped with key. The key can help you open it and is easy to use, and it

has good closure after the lock, safe for children, cats, dogs and other non-target animals. It can help you keep the mouse away from children and pets

4. It is stable, sturdy and reusable, not easy to break or deform. It can quickly and effectively control the mouse in the home, so that the mouse is difficult to escape

5. You can put in some common foods. Such as peanut butter, nuts, candy, cheese, popcorn, and many other foods are good bait

6. A variety of color styles. You can contact customer service for specific details

Application situations:

Indoor, corners, under furniture, restaurant, kitchen, basement and garage etc
