remarks : custom shape, cmyk all-inclusive, free delivery, no set-up charges, choose from 40 different scents. 20 basic, 20 premium

OPTIONAL PACKAGING : HEADER CARD

HEADERCARD Ask us about the possibilities for you to design a beautiful package together.

The basic product is supplied in the polypropylene film wrapper only. We can also manufacture a header card to enhance the presentation, printed to your specification and attached to the freshener.

A header card is attached to the top of each air freshener bag. It has a hole for hanging on the wall or a counter display rack in your shop. The front of the header card has the name of your organization, club, etc. or can have any message you want. The back of the header card has instructions for the air freshener along with a bar code or can also be printed with whatever you want. The header cards are totally customizable and will be attached to each air freshener. Please ask our team how we can add a header card to your custom air fresheners.

Please do not hesitate to contact us to discuss your project.

More companies are discovering the power of fragrance to increase brand recognition, enhance sales and improve customer relations.

NO HIDDEN COSTS

There are no hidden costs such as start-up costs, printing costs, setup costs, delivery cost or whatever. Our prices are 'all inclusive', so you only pay the price you see.

free delivery

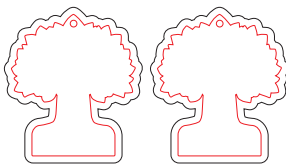

CUSTOM SHAPES / CUSTOM SIZES

100% custom made = 100% custom shape. Every air freshener has its own design, so we don't work with standard templates.

We can give you the total freedom for your shape, and to create your very unique and personal item.

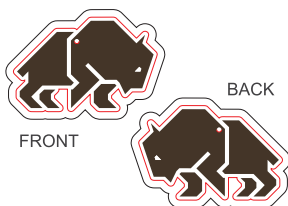

Any shape can be cut as long as it fits in the 56 cm² for our Standard production.

Of course you can choose to have bigger sizes made, but that is not Standard production.
