

Marie Delalande

Passionate about wildlife protection and sustainable, responsible animal tourism, I bring hands-on experience in the NGO sector and a strong understanding of nonprofit operations. Organized, proactive, and mission-driven, I'm seeking new opportunities, ideally in a multicultural environment in France or abroad, to contribute to impactful, sustainability-focused initiatives.

WORK EXPERIENCES

WWF France, Paris, France - 2024/2025

Donor Relations Officer

- Serve as the primary point of contact for donors, delivering prompt, personalized support to strengthen engagement and build lasting relationships. Maintain and update donor information using QDNEXT (CRM), ensuring data accuracy and efficient donor management. Lead tool development using AI.

'Entre Chiens & Loups' programme Volunteer

- Raise awareness among hikers in the Chamonix Valley by sharing best practices for interacting with livestock protection dogs on mountain trails. Foster dialogue between stakeholders to support coexistence, while deepening understanding of the balance between pastoralism and wildlife conservation in alpine ecosystems.

Somboon Legacy Foundation, Kanchanaburi, Thailand - April 2024

Guide & Elephant Welfare advocate

- Hands off elephant sanctuary. Guiding tours, preparing snacks for the elephants, advocating for the well-being of Asian elephants and the rights of the Mahouts.

Wildlife Justice Commission, The Hague, The Netherlands and Remote - 2023/2024

Junior Fundraising Officer

- Conduct comprehensive prospect research and actively contribute to donor prospecting strategies and plan, support the conceptualizing and writing of concept notes, proposals or reports to active or potential donors. Maintain and update donor records in Salesforce.

Junior External Relations Officer

- Conduct political country analysis and research projects on new legislations, agreements, initiatives, and events related to wildlife crimes. Assist with the preparation of public appearances and meetings (such as the CCPCJ).

EDUCATION

CHARM EU - 2021/2023

MSc Global Challenges for Sustainability

Phase 1 (ELTE, Hungary):

- Transdisciplinary approach: overview of sustainability issues, social innovation and research methods including design thinking.
