

# A Magical Spring!

**CHAKS presents “Fairy Pond”:** *springtime elegance within reach of your table.*

**Munster, February 2026** – With its new “Fairy Pond” collection, CHAKS invites you to celebrate spring through poetic and refined table decorations. This collection turns every gathering into an enchanting moment, where nature, softness, and romance meet in perfect harmony.

## **A universe of poetry and serenity**

The Fairy Pond ambiance evokes a true springtime haven, a secret garden where lush greenery and pastel hues come together to create a fresh, tender, and delicately romantic atmosphere. Green symbolizes nature’s richness, while pastel pink brings warmth, poetry, and elegance to every table.

## **Decorations that elevate every moment**

Every piece in the Fairy Pond collection is designed to enhance spring tables: centerpieces, ceramic tableware, floral elements, and subtle accessories, all carefully crafted to create harmonious and inspiring settings. Whether for a family meal, a brunch with friends, or a special event, Fairy Pond invites you to experience soft, memorable moments.

“Fairy Pond brings a breath of spring to your table: delicate, poetic, and luminous. We want to offer retailers and consumers a complete universe to celebrate the return of sunny days with elegance and creativity.” – CHAKS

## **Discover it at JdC Garden Trends 2026**
