CHARGING ANYWHERE

SMART EV CHARGING

Our Roots, Our Road

LCTC – Your Trusted Partner in
Smart EV Charging Solutions

Mission
Empowering E-Mobility

Vision
Charging the World

Values
Innovation · Efficiency · Reliability

► Where We Are

From Beijing, to the World

As a prominent player in the smart charging industry, LCTC operates two distinct brands: LINCHR, which focuses on the domestic Chinese market, and EJORNEE, its international brand. With a strong presence across China and an expanding global footprint, LCTC continues to reinforce its position in the industry.

► Who We Serve

Together, Shaping a Connected World of Charging

LCTC delivers tailored solutions to automakers, charge point operators (CPOs), power grid companies, and a wide range of enterprise clients, with a strong emphasis on long-term strategic partnerships. To date, LCTC's products and solutions have been deployed across more than 30 countries and regions.

► What We Offer

Versatile in Use, Trusted across Industries

With intelligent manufacturing facilities located in Xi'an, Guangzhou, Jiaxing, and Mianyang, LCTC provides a comprehensive portfolio of charging solutions, encompassing residential chargers, commercial chargers, fast chargers, and ultra-fast chargers. These products are engineered to meet the diverse requirements of individual homeowners and commercial clients.

► Where We're Going

Driven by Technology, Connected through Openness

LCTC is dedicated to expanding its global presence, with a strategic focus on smart charging, energy collaboration, and seamless user experience. We are proactive in aligning with industry standards and remain committed to fostering an open, inclusive, and interconnected charging ecosystem.
