

COSMETIC CONTAINER MANUFACTURER

Design, Originality, Opportunity
for Cosmetic package

Since its establishment in 1996, DOOCO Co., Ltd. has developed as a company specializing in cosmetic airless bottles, starting with the development of cosmetic pumps. Currently, we are constantly striving to meet the needs of customers in Korea and abroad and repaying them with the best quality.

For over 20 years, we have grown into a professional manufacturer of mold development and plastic molding. Now, with our top priority of customer satisfaction, we are approaching customer satisfaction in the constantly developing market by establishing a production system to provide the quality that customers desire.

Through these efforts, DOOCO Co., Ltd. sympathize with the fact that cosmetic containers are not just tools that contain cosmetic contents. We feel the beauty of cosmetic containers.

Because we value the beauty of customers, we put our best effort into making our products.

Moreover, to improve ourselves to a higher level, we aim to achieve unending growth through innovative thinking and methods and meet our customers.

DOOCO Co., Ltd. will keep on trying to secure competitiveness based on continuous technology development with the top priority of customer satisfaction. We look forward to your continued support and expectations in the future.

Thank you.
