

Our Strengths

- ▶ **Fast Turnaround**
We're US based. Whether it's custom designs, prototypes, or production, we understand speed is of the essence.
- ▶ **Low Minimums**
Whether you need a short run, a small product test launch or a full production run, look to us for your next project.
- ▶ **Quality Packaging**
Our certifications in quality, sanitation, and safety ensure that every package we produce is of the highest quality.
- ▶ **Prototypes + Mockups**
Save money and minimize mistakes with realistic representations. This is perfect for R&D and marketing personnel.
- ▶ **In-House Design Team**
Structural Design Department & Product Engineering are on site.
- ▶ **Central Headquarters**
Our Midwest warehousing and manufacturing hub makes for fast and cost-effective shipping.
- ▶ **USA Made + Manufactured**
You can meet with us in person anytime and see our production process.
- ▶ **Warehousing**
Our warehouses are strategically located throughout the US for just-in-time delivery. Portal access allows for vendor management of inventory.
- ▶ **Graphic Design + Artwork Prep**
Our in-house team can apply art to any of our custom dielines for paperboard, flexible, and rigid packaging to save you time and costs.
- ▶ **Brand Security + Anti-Counterfeit**
Make your packaging nearly impossible to duplicate with a variety of techniques including serialization and authentication.
