PAPETERIES DE MONTSEGUR MF TISSUES “The second to none SILK PAPER manufacturer”

Sensuality is our motto, enhancing our customer’s products is our goal, producing the best of silk papers our daily achievement.

We are leader in the manufacturing of thin papers used for luxury packaging and other technical or specialty applications including fireproof papers like confetis.

Producers, printers and converters of wrapping tissue which we prefer to call “*Silk Paper*”; the world major luxury brands trust our know-how and excellence.

Established since 1840 in the French Provence, our plant is surrounded by lavender fields, vineyards and truffles oak trees. One paper machine producing white and deep dyed colors, modern flexographic printing presses with a capacity to print up to six colours of bespoke designs and a converting and finishing line is our universe.

Our expertise lays in the production of deep dyed papers, bleed free, non-abrasive, non-corrosive, we offer the world’s largest range of shades, allowing us to suit almost every graphical codes. We even “tailor make” colors when needed.

Our **silk paper** is acid free, made of 100% virgin fibres originated from certified sustainable forests (PEFC or FSC) and printed with water based, solvent free inks making it environmentally friendly, matching the REACH regulation, dry food contact proof and totally recyclable, we are FSC certified and member of the UN Global Compact program.

We hold stock of a large range of coloured papers and we pride ourselves on being able to react to customers’ needs with speed and efficiency.

Our philosophy is to make the best for the best and our philosophy is based on four cardinal values:

- Quality
- Reactivity
- Flexibility
- Creativity

We have been awarded with the **Entreprise du Patrimoine Vivant (EPV)** label which is a French state recognition for our commitment to excellence. Likewise appointed **IMPRIM’LUXE** we pride ourselves to belong to a restrictive association of suppliers serving the most demanding customers in terms of excellence.

Environmental Policy

Statement

Papeteries de Montsegur are producers, printers and converters of tissue paper for wrapping and packaging purposes. We recognize that our operations have an effect on the local, regional and global environment. As an environmentally conscious and responsible company we are committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and minimizes our potential impact on the environment. We will operate in compliance with all relevant environmental legislation and we will strive to use environmental best practices in all we do. Action will be immediately taken to minimize or eliminate any identified effects.

By continuously managing the environmental impacts of our business we strive to highlight our ethical practices to stakeholders and customers while stimulating them to reduce their own adverse ecological impacts.

Environmental Responsibilities

- * Be fully aware of all environmental legislation and ensure that regulatory requirements are met and, where feasible, improved upon.
- * Monitor the implementation of the policy by carrying out periodic audits of compliance and when appropriate, introduce remedial measures. Initially this will take place every 6 months to allow for amendments to be made.
- * Ensure all employees, in the course of their duties, act in accordance with the environmental policy. We endeavour to encourage our workforce to help us achieve our goal and reduce our environmental impact.
- * Encourage suppliers and customers to act in accordance with our environmental standards. Papeteries de Montsegur's suppliers boast a range of environmental credentials that assist our continuous environmental commitment.

Current Environmental Measures

- * All Papeteries de Montségur paper products are fully recyclable.
- * No ink waste. Our environmentally friendly water-based inks have a much longer shelf life than conventional solvent based inks and therefore we are able to reuse all excess.

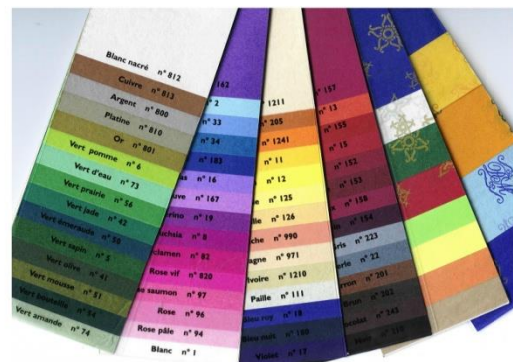

- * All surplus and waste paper is fully recyclable and is internally collected for recycling.
- * All wooden pallets are reused, recycled or restored by our supplier.
- * Our packaging is fully recyclable and we encourage our customers to make the most of this feature.

In addition, areas of particular attention within the business are the selection of non-polluting technology, waste minimization, and the reduction of energy consumption.

Renewable Source Power.

The electricity and steam used in our factory is partly produced on site, we're aiming at reducing our carbon footprint to the lowest possible level.
