Shades that light up your creations

Coloured, pearly, metallic and personalized Pyrène® tissue paper

Who are we?

European leader in tissue paper, we work with the most famous brands.

Our products of Pyrène[®] tissue paper range from 18 gsm to 25 gsm for papers on stock.

We are a manufacturer of white and colored tissue paper (200 manufactured to date including 60 standard colors) produced with pure pulp fibers and dyed in the masse.

We sell our paper in standard or customized sizes according to our customers needs. All our papers can be flexo printed in our own factory.

'FRISURES' Luxury shredded paper

An ecological alternative to plastic void-fill and protective packaging.

Discover « Frisure », our Pyrène tissue shredded paper available in black, white and red colors, with possibility to have it in the 60 colors of our range.

Our silk papers are FSC, biodegradable, recyclable and compostable.

The shredded papers are packaged in 10 kg boxes, and delivered flat, in order to optimise volume in shipping for reduced carbon footprint.

Size: 3 to 4 mm x 50 cm

Frisure is the best alternative to promote and cushion your products in style.

Minimum environmental impact for maximum protection without compromising elegance.

OUR PRODUCTS

Our Pyrène® tissue papers is a natural product born of the noble material wood and is 100% bio-degradable, recyclable and compostable. All of our products are made from cellulose, the dyes are fixed in the fibres (dyed in the mass).

This quality is bleach-resistant, the control of the colors by «LAB» process is permanent. Our white tissue paper is suitable for dry food products.

We are one of the first innovative producers of tissue paper, with an ecological approach, who continue their efforts to make it a "clean" industry. We take in account the current ecological standards, especially in terms of reject.
